Digging wells is about the only business where you don't have to begin at the bottom.

Although most of us have to start at the bottom when we first graduate, concentrated effort and hard work will help us move up the ladder of success. Just remember, the rung of a ladder was never meant to rest upon but only to hold your foot long enough to enable you to move upward.

There's a definite place for a bank in your future. We hope you'll let us help you.

That's the way in which products of Bastian-Blessing's Grand Haven factory are regarded in eating places all over America. We're proud of this enviable reputation, because it enables us to grow, provides steady work, high employee morale and opportunity for all.

We congratulate the graduating seniors. Welcome to new horizons.
